OWIA SALT POND

Your first time won't be the last

ST. VINCENT
& THE GRENADINES

The Caribbean you're looking for

Take the Plunge!

First Look

Sneak your first peek at the chameleon blue water from the winding highway above. Get your next look from the staircase directly in front of it. You're just seconds from bliss.

First Salt

The first blast of salty deliciousness makes your hair stand up straight. You move forward voluntarily for more.

First Approach

Glide across black sand chock-a-block with seashells, coral and kaleidoscopic sea glass. Tiptoe into warm, foamy water and across small lava rocks to paradise.

First Dip

Take the plunge and frolic. You are supremely safe. Majestic peaks and ridges shield you from pounding Atlantic breakers. Only small ripples splash over into your replenishing private sauna.
